

## DISTINGUISHED GATHERING WITNESSES BRILLIANT WEDDING AT THE WHITE HOUSE

### MISS JESSIE WOODROW WILSON BECOMES THE WIFE OF FRANCIS BOWES SAYRE

The Couple Is United With a Pretty Double Ring Service Which Is Used in Connection With a Unique Combination of the Episcopal and Presbyterian Form—Bridal Procession Is Beautiful—Honeymoon Will Be Spent in Europe.

WASHINGTON, Nov. 25.—With smiles of confident happiness turned toward each other, President Wilson and Miss Jessie Woodrow Wilson, second daughter of the president and Mrs. Wilson were joined in marriage late today at the White House before a company of distinguished officials of the United States government, members of the diplomatic corps, close friends and relatives.

It was a scene of rare brilliancy, touched through the ten minutes of ceremony with a grave solemnity as the president of the United States stood beside his wife, their faces in deep study as they gave in marriage one of their daughters.

The couple were united with a pretty double ring service. A reception for the guests by the president, Mrs. Wilson and the wedding couple followed at once, the east room was cleared of its carpets and the young folks danced well into the evening.

Cuts Wedding Cake With Sword. When the guests had gone the bride sat down in the breakfast room and the bride cut the wedding cake with the sword of Dr. Cary T. Grayson, U. S. N., the president's physician and companion. Then there was a merry dinner, an affectionate good-bye and the couple whirled away in a White House automobile on their honeymoon. Their destination was kept secret, but in a few days they will go to Europe to return early in January to Williams town, Mass., where Mr. Sayre will be assistant to President Garfield of Williams college.

With smooth precision the day's event had moved into the evening hours.

Promptly at 4:30 this afternoon all guests were assembled and waiting in the east room, members of the cabinet and the justices of the United States supreme court, the diplomatic corps, representatives of the various foreign governments, and a large number of prominent citizens were gathered in the south half of the room.

In the other half, north of the green carpeted aisle marked by white satin bands, were the close friends and relatives, in all about 300 people. In their elaborate afternoon toilettes of soft pastel tones of blue, violet, pink and green, many a black velvet, the women gave the picture a brilliant lustre of fashion.

First, Mrs. Wilson descended the main staircase, escorted by Col. W. W. Harts, chief aide to the president. She was followed by Joseph R. Wilson, brother of the president and his wife, and Miss Helen Woodrow Benson, a cousin of the president, escorted by Dr. Cary T. Grayson. Commander Needham Jones, U. S. N., escorted Mrs. Sayre, mother of the groom. They took their places on the left of the dais, where the bridal party stood.

The Rev. Dr. Sylvester W. Beach of Princeton, attired in a collegiate gown, with a master's hood of white silk, entered next, with the Rev. John Nevins Sayre, a brother of the groom.

Bridal Procession Beautiful. There was a pause of a minute and soon the Marine band spread through the White House the strains of the bridal chorus from Lohengrin, and the groom, accompanied by Dr. T. Grenfell, his best man, walked slowly to the altar. The ushers led the bridal procession in twos—Charles Evans Hughes, Jr., Dr. Gilbert Horrah, then Dr. DeWitt Scott, Clark and Benjamin Burton; the bridesmaids, the first two gown in deepest pink and the others in plaid of a lighter shade followed in slow step down the long red carpeted aisle, that bisects the lower floor of the White House and enters the east room at its center. Miss Eleanor Wilson, the youngest of the president's daughters, and Miss Mary White were first, followed by Miss Adeline Mitchell Scott and Miss Marjorie Brown. All wore elegant little bonnets with upstanding frills of silver lace. Miss Margaret Wilson, the oldest daughter and maid of honor, wore the palest pink. All carried pink roses toned in with their dress.

Every eye was turned toward the procession as it moved slowly into the east room and there was a whispered exclamation, "Beautiful!" from the many lips as the bride, leaning on the arm of her father, came with measured step down the aisle and stepped upon the floral altar.

Combination of Two Services. The bride wore a diamond brooch on a long platinum chain, the gift of the groom and carried a bouquet of lilies of the valley. The bride's train was rather long and finished square. It was a soft lustrous white satin that blended well with her blonde hair and fair complexion. The service was a unique combination of the Episcopal and Presbyterian forms. In the latter the promise "to love, honor and obey" but upon the bride's special request it was inserted. The Rev. Dr. Beach spoke

the service in a low, even tone. As the two pledged their troth, the President and Mrs. Wilson stood hand in hand to the left of the platform.

"Who giveth this woman to be married by this man?"

The president stepped forth, took the hand of his daughter and placed it in that of Mr. Sayre. "I, Francis Bowes, take Jessie Woodrow to be my wedded wife," repeated the groom after Dr. Beach "and I do promise and covenant, before God and these witnesses to be Thy loving and faithful husband, in plenty and in want, in joy and in sorrow, in sickness and in health, as long as we both shall live."

The bride repeated the same except that to her response was added, "to be Thy loving, faithful and obedient wife."

The minister took the ring from Dr. Grenfell, the best man, handed it to Mr. Sayre, who placed it on the bride's third finger, repeated the pledge of "constant faith and abiding love." The bride took her ring from the hand of her maid of honor and as she too repeated a pledge of faith and love, placed it on the hand of her husband. As they knelt on the white rug the gift of the minister from Peru, the Rev. John Nevins Sayre pronounced the benediction. The couple rose, shook hands with the clergyman and the bridal procession moved to the Mendelssohn strains along the great corridor again but turned in at the blue room to receive the guests. Here for the moment before the reception began the bridesmaids kissed the bride affectionately and there was a general scene not unlike weddings the world over.

Receive Many Guests. For nearly an hour the guests paced through the blue room to offer their congratulations. Members of the cabinet, the supreme court, diplomats and their wives, Speaker Clark and the leaders of congress greeted, first President and Mrs. Wilson, standing at one door and passed on to Mr. and Mrs. Sayre. Among them were many old friends from Princeton university and Williams college. Dean Henry E. Fine of Princeton, President Harry A. Garfield of Williams, Secretary McAlpin of Princeton, Cleveland H. Dodge, Robert Garrett, who were members of the board of trustees when Mr. Wilson was at Princeton, Col. E. M. House, Charles R. Crane of Chicago, Chairman William F. McCombs of the Democratic national committee and Mrs. McCombs, Rear Admiral Robert E. Peary, U. S. N., Governor-elect Fielder of New Jersey, the New Jersey congressional delegation and a host of others the majority of them except for the officials, being from points outside of Washington.

Little Miss Mary Tumulty, 9 years old, daughter of Secretary and Mrs. Tumulty was the only child in the reception line. As she passed both Mrs. Wilson and the bride kissed her. The informal dance in the east room after the reception was not planned for but became one of the most delightful parts of the affair.

Refreshments were served in the state dining room. The bridal party gathered in the breakfast room afterward. The bridesmaids wore gold bracelets, gifts of the bride, while the ushers wore gold stickpins, given them by the groom.

The bride and groom eluded the curious by going through the executive office, before taking their automobile. The bridal party were the guests during the evening of the Misses Margaret and Eleanor Wilson at the white house.

Great Crowds of the Curious. Not since the inauguration has there been such crowds around the white house as gathered today. Traffic policemen patrolled Pennsylvania avenue and scores of police guarded all gates. The guests were admitted by card. Miss Eleanor Wilson, the youngest daughter of the president and the Misses Mary and Lucy Smith of New Orleans, La., who are white house guests, who took a walk in the early afternoon were asked for cards on their return. A policeman unacquainted with the faces of the white house family hesitated a moment when the ladies explained their identity but finally admitted them.

The crowds fringed either side of the white house and listened to the band until long after sun-down. The greatest jam was at the east entrance where most of the guests entered. Here the crowd caught a glimpse of the gowns of the women guests and climbed high on the steps of the treasury building to peer into the east room.

## SCHNECTADY FACES INDUSTRIAL CRISIS WITH OVER 14,000 GENERAL ELECTRIC COMPANY WORKMEN VOLUNTARILY IDLE

Union Leaders Explain That the Walkout is Demonstration of Strength to Show That the General Electric Company Cannot Crush Unionism—No Strike Has Yet Been Declared.

SCHNECTADY, N. Y., Nov. 25.—With more than fourteen thousand employees of the General Electric company voluntarily idle, this city tonight faces an industrial crisis. However, aside from numerous meetings of workmen and orderly crowds in the streets and about the bulletin boards in front of the various labor union meeting halls, there is no excitement resulting from today's walkout of nearly all the force of the largest manufacturing plant of its kind in the world. Throughout the city there was an atmosphere of preparation. In a dozen or more labor headquarters meetings were held and preparations begun for what many

## WILL ATTEMPT TO SETTLE DIFFERENCES

### DEMOCRATIC LEADERS WILL CALL CONFERENCE TO DISCUSS CURRENCY

Party Conference Will Begin in an Attempt to Dispose of Differences and Unite Party Members Behind a Bill That Will Have the Support of President Wilson.

WASHINGTON, Nov. 25.—The currency situation took an unexpected turn in the senate today when Democratic leaders decided to summon a party conference at once to dispose of the points of difference and to attempt to unite party members behind a bill that would have the support of President Wilson.

The conference will begin at 11 o'clock tomorrow. It was said by Democratic managers tonight that its conclusions would not be binding but that it was expected that the Democrats would be able to agree upon the vital features of the bill and unite upon amendments to the pending bill which can be accepted by the president.

Ill Feeling is Absent. The second day's debate upon the big reform measure was notable for the absence of show of ill feeling between the advocates of the different currency plans represented by the Owen and Hitchcock bills. Senator Hitchcock held the senate for more than an hour with his speech in support of the bill agreed upon by himself and the five Republicans of the senate committee. His remarks were characterized by recognition of the efforts of the president, the house and the Democratic wing of the senate committee and expression of the hope that the senate would find it possible to unite upon a satisfactory form of the currency bill.

The decision to bring Democrats together for a party conference was the result of talks between the president and party leaders in the senate. It was determined that before the debate proceeded further, members of the party should discuss the two bills behind closed doors and

will be a lengthy struggle. In a central hall heads of the various local unions met and discussed ways and means of carrying on a strike should one be called. Meanwhile the leaders were emphatic in their statements that there is no strike as yet. They explained today's walkout as a demonstration of strength to show that the General Electric company cannot crush unionism.

The union workmen are not looking for shorter hours or more pay, they point out, but to correct what they claim to be an unjust discrimination against two of their companions—Frank Dujay and Miss Mabel Leslie, both of whom have been active in union circles.

The two were laid off recently, the company claiming their removal was a part of a policy of retrenchment. The union workers, however, assert that the laying off of the two was due to past activities in labor union circles. They also say the receipts for the current month exceed by more than \$1,000,000 the receipts for November 1912.

George E. Emmons, general manager of all the company's plants in a formal statement today denied that any discrimination was intended. This was the only statement that emanated from the company's offices. However, those close to the officials said preparations were being made to cope with any emergency that might arise. In this connection they stated that the company had counter-

## GAS EXPLOSION INJURES MANY AND WRECKS BUILDINGS

Explosion in Pittsburgh Causes Property Loss of Nearly Half a Million Dollars.

Pittsburgh, Pa., Nov. 25.—A score or more persons were injured, thousands of windows were broken, two buildings collapsed and a number of buildings damaged by an explosion of gas in a nine foot sewer in the Lawrenceville district of Pittsburgh late today. None of the injured died. The property loss will total nearly half a million dollars. Water mains in various parts of the district were broken flooding the streets and undermining scores of buildings.

manded all large incoming orders. The belief prevails that the company will not re-instate Dujay and Miss Leslie and that as long as the employees have taken matters into their own hands the officials will await overtures from the workmen.

The preparations of the union leaders for a struggle were temporarily halted tonight by the central committee on receipt of a telegram from Indianapolis. Although they declined to make its contents public, it was currently reported that it was from a high official of the American Federation of Labor and that it was not favorable for the calling of a strike.

## CLERK IS ACCUSED OF \$200,000 THEFT

### FARMERS' LOAN AND TRUST CO., OF NEW YORK LOSES SECURITIES

Former Bank Clerk is Arrested in Philadelphia and is Charged With Being Fugitive from Justice—Police Say Certified Check for \$97,000 and \$5,000 in Cash Are Found in Prisoner's Clothes.

NEW YORK, Nov. 25.—The theft of more than \$200,000 worth of Union Pacific railroad company and General Electric Security company securities from the Farmers' Loan and Trust company of this city became known tonight when James E. Foye, 35 years old, a former \$75 a month clerk of the trust company, was arrested as he stepped from a train from Philadelphia. Foye was charged with being a fugitive from justice. At a police station where Foye was searched, the police allege that a certified check for \$97,000 and more than \$5,000 in cash were found in his clothes. There were also several Trans-Atlantic steamship circulars which led the police to believe that Foye had planned to sail for Europe. The check the police say Foye received today from the firm of Charles T. Brown, bond broker of Philadelphia, but \$100,000 in cash, which the police also charge that he received from the sale of bonds during the past week, could not be found.

The discovery of the loss of the stocks and bonds, the police allege was made after Foye left the employ of the trust company about three months ago.

Little could be learned tonight concerning the methods by which Foye is alleged to have secured possession of the securities.

## DEATH COMES SUDDENLY.

Wilmington, N. C., Nov. 25.—Thomas Martin Emerson, president of the Atlantic Coast railway, died tonight at his home here, the result of an attack of acute indigestion, yesterday while on a trip of inspection over the system with members of the board of directors.

## FEDERAL FORCES WHO ENGAGED REBEL TROOPS ARE DEFEATED AND PUT TO ROUT

### CARAVEO IS MAKING DESPERATE ATTACK ON REBEL FORCES SOUTH OF JUAREZ

Gen. Villa States That Federal Troops Are in a "Disgraceful Retreat" to the South and That All of Their Artillery Has Been Captured—Many of Salazar's Troops Are Taken and Are Immediately Executed on the Field.

EL PASO, Tex., Nov. 25.—The federal forces which have engaged Villa's rebel troops near Tierra Blanca for the last two days have been defeated and routed, according to an official message sent at 8 o'clock tonight by General Francisco Villa, commander of the rebel forces to the rebel chiefs at Juarez.

Fierce fighting was in progress late tonight on the right (west) flank of the rebel troops south of Juarez, where General Marcelino Caraveo, commander of one of the federal columns is reported making a desperate attack on this section of Villa's forces in an attempt to break through to Juarez.

At the center and left (east) wing of Villa's army the fighting seems to have subsided and only an occasional shot is exchanged by the contending forces.

A train bearing six wounded reached Juarez this evening, bringing the total number of wounded rebels being cared for here to 116.

General Villa said in the message that the federal troops were in a "disgraceful retreat" to the south and that his forces had captured all of their artillery and three of the seven trains on which they had come to the battlefield.

Many are Executed.

A wounded rebel officer brought to Juarez on a Red Cross train is authority for the statement that a number of Salazar's federal volunteers captured in the fighting before Saragosa this morning were brought before General Villa who ordered them executed in the field. The order was carried out at once.

The officer telling the story did not know how many men were executed under the order but said he thought there were 30 or 40. The men had been cut off from the main body and were taken after a desperate fight. A number of them were wounded but knowing the fate that would befall them in case they were captured by Villa did everything in their power to escape falling into the hands of the rebels.

So far as is known only two federal officers captured since the fighting began have been spared. One of these was a lieutenant whose father was a major in the rebel army and upon the appeal of the latter to Villa to spare the boy's life the rebel commander ordered that his execution be stayed.

Another sub-lieutenant pleaded that he had been pressed into the federal service which statement was corroborated by a number of Villa's officers and he too was given a new lease of life.

Many rebel soldiers are today wearing uniforms and overcoats taken from prisoners who have been executed on the field. Prisoners are forced to strip before being shot in order that the clothing may not be perforated by the bullets.

Line Remains Unbroken. General Villa's fourteen mile battle line remains unbroken tonight according to reports received here. It is also reported the constitutionalist commander has captured more than a hundred prisoners and a few field pieces.

Among the rumors and reports which cheered the constitutionalists in Juarez early tonight emanating from General Villa's headquarters are to the effect that the federal forces are about to be caught between two forces of rebels, that two thousand Sonora rebels are reported making for the rear of the federals and should be in position to engage the rear of the federals by tomorrow and that General Manuel Chao's rebel command from south of Chihuahua has skirted Chihuahua City and is advancing on the rear of the federals and has already taken possession of federal lines of communication to Chihuahua City.

After issuing these reports, General Villa's chief of staff, Juan Medina jubilantly declared the federals would be prisoners in Juarez before nightfall tomorrow.

Result of Fighting Unknown. The exact result of the action about Zaragosa where General Inez Salazar was today reported to be surrounded by rebels and fighting an artillery duel, was unknown early tonight. The following began at 4:30 this morning and by three o'clock had been waged over nearly twenty miles of desert according to the reports received. At three o'clock federal shells were falling around a rebel hospital train moving toward Juarez and General Villa's forces seemed to be falling back upon Juarez. In the early reports from the front, General Villa was credited with driving the federals south to Samalayuca, thirty-two miles from Juarez on the front, while a battle for the possession of the water supply at Rancho Flores was being waged twelve miles from Juarez.

The fight about Zaragosa was reported over at noon after a morning of heavy cannonading. It was reported at five o'clock this afternoon

and federals were retreating. Juarez tonight is practically empty of ammunition and supplies. Every cartridge has been sent to the front with General Ortega who with three hundred reinforcements left for General Villa's camp at five o'clock tonight.

Discuss Mexican Situation. Washington, Nov. 25.—President Wilson and members of the cabinet discussed the Mexican situation briefly today and later assurances were given that no change in the attitude of the United States toward the "Huerta provisional government" had taken place. Most important of the day's developments, from the American standpoint, was the departure of President Wilson's special envoy, John Lind, on the Battleship Rhode Island with Rear-Admiral Fletcher, for Tampico and Tuxpam to investigate conditions where the British oil interests have been regarded as in grave danger. The sending of Mr. Lind is generally regarded here as an indication that the United States is extremely desirous to avert any hostile move and that a thorough examination of the situation would be made before any marines from an American warship were landed on Mexican soil. Assurances have been given Admiral Fletcher by General Aguilar in command of the revolutionist forces in the Tampico territory that there will be no interference with American or other foreign property. Secretary Bryan stated today that Mr. Lind had been authorized to go to Tampico and Tuxpam with Admiral Fletcher but that he had been given no special instructions. It was pointed out that Mr. Lind was free to go and come in Mexico as the developments there seemed to demand. When the Rhode Island left Vera Cruz her first destination was Tampico, where she was expected to arrive tomorrow.

Louisiana at Tampico. The Louisiana under command of Rear-Admiral Boush, was reported tonight to be at Tampico while the Nebraska, commanded by Captain Wood is at Tuxpam. Should untoward conditions develop in this territory the action to be taken by this government is discretionary with Admiral Fletcher and it is believed here Mr. Lind has gone with the American vessel so that the government here might be kept in close touch with conditions and to make reports as soon as possible. It became known today that the rumor of an intention of the American commanders to land forces to protect the extensive oil interests at Tampico and Tuxpam was brought to official notice through the British consul at Tampico. This officer, on account of the excitement which the report caused in Tampico, notified Sir Lionel Carden, the British minister in Mexico City, who in turn acquainted Charge O'Shaughnessy.

Much Interest in Result. Although no official reports reached the state department from the battle between the Mexican federal and rebel forces at Juarez the result of the conflict is awaited with keen interest. The state department was notified that in anticipation of an attack Las Vacas in the state of Coahuila, the American consul at Eagle Pass had sent warning to Americans to leave the town and cross to Del Rio, Texas. Passes, it was reported, are now being required by the federal authorities from all persons entering and leaving Ciudad Porfirio Diaz.

Consul Canada at Vera Cruz, reported that the Norwegian Steamer Atlantis, with 25 refugees, had left for Galveston to arrive on Nov. 27.

It was reported also that Leandro and Andres Aguilar were among the persons transported on the American battleship from Vera Cruz with the brothers of Francisco Madero.

NO GENERAL CLOSING DOWN IS CONTEMPLATED BY CORPORATION

U. S. Steel Co. Denies Rumors That Plant at Gary Will Close Down.

Chicago, Nov. 25.—Authenticated reports that hundreds of employees have been laid off by the United States steel corporation at Gary, Ind., reached here today and were followed promptly by a denial that any general closing down was contemplated. One official of the big plant acknowledged however, that in the effort to give all skilled employees work their employment would be limited to four days a week.

It was stated that only laborers have been laid off entirely and not skilled employees.

### FUNERAL SERVICES FOR J. P. WARNER ARE MOST IMPRESSIVE

Ceremony in Charge of Rev. H. R. Neely and Knights Templar—Interment Made in Diamond Grove.

In the presence of an unusually large gathering of relatives and friends, impressive funeral services for Joseph P. Warner were conducted at the late residence, 920 Ashland avenue, Tuesday afternoon at 2:30 o'clock. Among those in attendance was a large delegation of Knights Templar in uniform, members of the Rebekahs who attended in a body and representatives of the other lodges of which the deceased was affiliated.

Since the death of Mr. Warner a detail of two Sir Knights of Hospitalier Commandery were on duty all of the time, the details being changed every six hours. The Knights Templar emblem in colored electric lights was placed on the wall at the head of the casket and the body was dressed in the Knights Templar uniform. In the room in which the remains reposed were the many beautiful flowers and floral pieces, which included a number of set pieces from the lodges and the employees of the C. P. & St. L. car shops.

The funeral services at the residence were in charge of Rev. H. R. Neely, rector of Trinity Episcopal church and after the regular Episcopal services Rev. Mr. Neely delivered a brief sermon.

"I am the resurrection and the life," from John 11:25, was the text upon which Rev. Mr. Neely built his discourse, drawing from these words of the Master a message of hope and comfort. In part he said: "These words were used in the first burial service of which we have record. They were the words of the Christ at the tomb of Lazarus to whom in truth was given new power and new life. All who submit to the sway of the Master may receive this gift of life and power."

Rev. Mr. Neely spoke of the service of the Knights Templar which contains these words and of their symbolism in which are embodied these words of promise. He showed the harmony of the order's precepts and practice with the hope "of the resurrection and the life."

Music was furnished by a quintet composed of Miss Fern Haigh, Miss Amelia Carlson, Miss Grace McCarty, W. S. Badger and W. W. Gillham who sang: "Rock of Ages," "Nearer My God to Thee" and "Abide With Me." The flowers were in the care of Mrs. G. R. Bradley, Mrs. Orin Tandy, Mrs. Clyde Singley, and Miss McCullough.

On account of the inclement weather most of the Knights Templar service was held at the house, Dr. R. R. Buckthorpe acting as Eminent Commander and Julius Strawn as prelate. The commitment service was held at the grave, at Diamond Grove cemetery. The bearers were: Joseph Whitaker, John S. Hackett, J. W. Boyd, William H. Palmer, H. J. Rodgers, Charles Rah-johns, Anthony McCarty and C. M. Coons, all members of Hospitalier Commandery.

Among those from out of the city who attended the services were: Dr. G. W. Miller, C. C. Self, Earl Sorrells and Joseph Self of Woodson, Mrs. Harry T. Sweeney of Kankakee, a sister of the deceased; A. W. Beck, a brother of Mrs. Warner, and his wife and two sons, Ollie and Fred, of Havana; Mr. and Mrs. J. K. P. Bowman and daughter, Ines of Havana.

Bluford Violett, roadmaster of the Burlington, M. B. Lamb, train master, and J. G. Neely, storekeeper, all with headquarters at Beardstown, came in on their special motor car yesterday and visited the local office. The motor car is a convenient affair and enables the officials to visit the road, make almost passenger train time and stop wherever they desire.

Taylor Agnew, second trick operator at the Burlington office, went to Waverly yesterday for a visit with home friends.

H. E. Anthony is acting as second trick operator at the Burlington office in the absence of Taylor Agnew.

He is at present section foreman with a good force of men under him and is faithful and reliable. He was born in Waterford, Ireland and came to this country in 1854. He went to school with his boy who was afterward Lieutenant George W. Moore in that famous Missouri cavalry company and is now a highly honored citizen of the east part of the county. Mr. Mackey is yet hale and hearty and bids fair to be on duty several years to come.

**At The Car Shops.**  
C. S. Branch, master of motive power, visited the shops yesterday and looked things over generally and seemed well satisfied with the way things were going.

All departments are busy and none more so than the blacksmith shop. William Sauer, the foreman, is on the alert keeping things in shape. He well understands his business and has many phases of it to look after. Some of the choicest steel costs seventy cents a pound and some sixty and so on down to seven which quality was used for the equalizers in Number 68. Tempering is one of the delicate pieces of work to be done and there are many kinds of steel to be handled. Dies for cutting threads are carefully prepared and so hard a file will not phase them. The racks contain various grades of steel which are designated by painted ends and in a closet Mr. Sauer keeps his choicest metal.

Many from the shops laid off to attend the funeral of the late Joseph P. Warner, the veteran locomotive engineer so highly esteemed by all who knew him.

Workmen are repairing the windows and doing other work making things more comfortable about the shops.

W. J. Doerfler, foreman of the boiler shop, has gone to Springfield to look for some boiler makers for his department.

Engine No. 45 has gone out after receiving some light repairs, wash-out and other work.

Storekeeper Brunk has gone to Springfield.

General Storekeeper Steer of Springfield has been sick but is present is convalescent.

Edward Mohan has resigned his position as machinist.

Special Agent Price of Springfield paid the shops a visit Monday. The new engine, No. 68, is approaching completion and before very long will be out on her trial trip. She is being anxiously watched by all hands and her success will be a great triumph for Mr. Ingund, especially in general the men working on her.

**ORGANIZATION OF COLORED PEOPLE FOR IMPROVEMENT**

Resolutions Set Forth Purposes and Aim of Jacksonville Civic League. Enthusiastic Meeting Held Last Night.

There is a very worthy organization among the colored people of this city who desire the improvement and uplift of their race. They meet the fourth Tuesday of each month and transact such business and endeavor to have such programs as will accomplish the object in hand. The following resolution will well express the object of the order:

**Resolutions Adopted.**

Whereas, We note with regret that some of our people (especially men and boys) are careless and thoughtless in their conduct and deportment on the streets, congregating unnecessarily in groups on corners and in front of halls and churches, and spitting and using profane language, and loitering around church property, and when not at work they are careless and untidy in dress—indicating a low idea of personal pride; and

Whereas, The ungentlemanly appearance and conduct on part of a few have caused resentment and prejudice on part of white neighbors in play houses and restaurants, etc., to the extent of drawing the color line on all for the misdeeds of a few, which shows the malicious and humiliating effects of such inhuman discrimination, that the good, refined and worthy colored people have to suffer; and

Whereas, Some of our better citizens accept such humiliation without moral or legal protest, to the disgrace of the colored race's advancement. Therefore, be it

Resolved, That we, the colored people of Jacksonville, through the Jacksonville Civic League, advise and urge our people to refrain from any acts on street, halls, parks or other places unbecoming ladies and gentlemen.

II. To show the highest respect for our girls and women at all times and in all places. To raise our hats, address them properly, and at all times treat them as our sisters, and as we would have others do.

III. We condemn with all our might the habit of a few in standing on the street corners—in front of halls and church doors—loud talking and laughing—it looks bad; it is bad.

IV. That we advise and urge you not to patronize any public place where discrimination of race or color is shown, unless you can protest through public sentiment or the courts. "Our continued Faith in God" and in the honesty and fairness of the best white people will in due time enable us to receive the treatment of worthy citizens.

We recommend the printing of these resolutions and a copy put in the homes of every colored family, and urge the ministers, heads of lodges and clubs to show our people how vital these instructions are to our advancement, full freedom and worthy citizenship.

**Yours,**

**Committee on Resolutions**

The meeting last evening was at the Bethel A. M. E. church and was fairly well attended though not as well as it should have been owing to counter attractions. The theme of the evening was the betterment of the colored race and how can it be accomplished in general and in Jacksonville particularly. Dr. Kennibrow the president, spoke earnestly on the subject and said there were several committees appointed and they would be expected to do good work and from the character of the members of these committees he felt certain they would be faithful and efficient.

He introduced S. W. Nichols who made an address on the subject of the evening and offered certain suggestions and at the close he was elected honorary president of the association.

Several other speeches were made and the feeling was that good had been accomplished and would be done by the league.

Leck's market closed all day Thursday. Order early today.

**WITH THE SICK.**

Mrs. M. E. Rogers, mother of Sheriff Rogers is reported quite ill.

John Dwyer of East College avenue is again able to be among his friends after a three weeks illness of mumps.

Kenneth Berryman of the High school is detained by illness at his home on North Church street.

**THINK MURDER IS COMMITTED BY ROBBERS.**

Milwaukee, Wis., Nov. 25.—Residents of White Fish Bay and Fox Point, Milwaukee's most select residence districts were thrown into a state of terror today by the finding of the nearly decapitated body of a man.

Late today the body was positively identified as George Marquard, a machinist and the police were working on the theory that the man was murdered by a gang of robbers who have been working in Milwaukee for the last two months.

**DES JARDEN CAPTAIN.**

Chicago, Nov. 25.—Paul Des Jardien, was today elected captain of the University of Chicago football team for 1914. Des Jardien is 20 years old and a native of Chicago. He was chosen all western center by nearly all critics in 1912 and has been similarly honored in the selections this year.

**BEGIN INVESTIGATION.**

New York, Nov. 25.—An investigation to learn whether an attempt is being made to corner eggs in New York was begun today by a special agent under the direction of the district attorney. Evidence is also being sought it was learned, as to the charge that retail store keepers are selling storage eggs as fresh, was, it is said, a violation of the pure food law.

**\$1.50 Linen Damask for 98c**

This is by far the best value in Table Linen that we have ever offered.

We direct the attention of churches, lodges, hotels, restaurants, institutions and other large users of table linens to this item, believing that you will find it a most profitable time to replenish the linen closets. Through a special purchase we are enabled to offer three patterns in a 72 inch damask, which should retail at \$1.50 per yard, at the exceptionally low price of 98c per yard. Napkins to match will also be on sale at \$3.98 per set.

**"Dollie Mine" Christmas Doll, \$1**

A beautiful Jointed Doll with real hair, real shoes and real stockings.

Again this season we have the distinction of offering the best doll value in Jacksonville. The little individual is named "Dollie Mine," only this year she is made more beautiful than ever. Real eye wipers and lashes adorn her face and she has added to her wardrobe real shoes and stockings. The case we brought on last Christmas sold like the proverbial "hot cakes," and you Santa Clauses who have dolls to buy for this Christmas, had better hurry to make sure of getting one.

As we begin this week preparation for the holiday trade our weekly bargain sales will be discontinued for the rest of the year

## MURDERER IMPLICATES THREE ORGANIZERS OF MINERS' UNION

Self Confessed Assassin Claims He Was Given \$25 and a Promise of \$1,000 to Kill Detective.

Trinidad, Colo., Nov. 25.—Lewis Zaccanelli, under arrest on the charge of assassinating George W. Belcher, a detective who was shot to death on the street here on the night of November 20th, has made a full confession according to the statement made late today by Adjutant General John Chase. The confession implicates three organizers of the United Mine Workers of America, who, Zaccanelli says hired him to murder the detective.

The prisoner in his signed statement says he was given \$25 in gold and promise of \$1,000. He says the plot to kill Belcher was discussed in the miners' hall here on the night of November 17. After that, he says, he followed Belcher for three days before there was an opportunity to shoot him. Robert Ulrich, organizer of District 15, of the United Mine Workers of America and president of the local Trinidad union was arrested tonight by the military authorities.

The authorities refuse to divulge the nature of charges under which he is held.

Supreme Court of Oregon Nullifies Election Law Passed by Legislature of That State.

Portland, Ore., Nov. 25.—The Supreme court of Oregon today declared unconstitutional the permanent registration law, passed by the legislature last winter.

The act provided that a voter once registered need register again only on removal from one location to another. One section provided that when a certificate of registration was lost or destroyed the elector must provide two witnesses before the registry make affidavit to the loss before he could again be registered. The court held that the constitutional rights of a voter were arbitrarily taken away by this clause of the act.

## ILLINOIS LEAVES FOR ALEDO TODAY

COLLEGE ELEVEN DEPARTS FOR BIG GAME.

Will Meet Williams and Vashti Turkey Day and Contest Will Determine I. C.'s Standing as to Championship—Men Will Practice in Monmouth.

Coach Harmon and his band of football warriors will leave this morning over the Burlington at 11:20 for Aledo, where on Thanksgiving day they will meet the fast team of Williams and Vashti. The players will reach Monmouth today and will stay there over night, resuming their journey Thanksgiving morning. While in Monmouth Coach Harmon expects to find time to put his men through some light drill work in order to keep them limbered up for the Thanksgiving contest.

Coach Harmon is expecting nothing easy at the hands of W. and V. and every team that has gone up against them this year testifies to their wonderful strength. As has formerly been said, to win from them on their own ground is something unusual, so if Coach Harmon and his cohorts annex the contest it will only give them the championship honors of the minor colleges of the state, but will also give them a wonderful showing against the fast and heavy W. and V. aggregation.

Coach Harmon, in speaking of the game last night, said that he was making no prophecy. He realized that his men would have to put up a brilliant fight and display "pep" of a remarkable degree to turn the trick. If it were not for the great inconvenience experienced in getting to Aledo, a large number of college students would accompany the team today.

The following will be the Illinois lineup:

Pierce, r. e.; Frisbie, r. t.; Darragh, r. e.; Johnson or Mack, c.; Lukeman or Russell, l. g.; Mitchell, l. t.; McLaughlin, l. e.; Stewart or Gray, q. b.; Wilson, r. h. b.; Spruit, l. h. b.; Alford, f. b. Elmer and Carl Lukeman will go along as substitutes.

Williams and Vashti has submitted the following officials: Referee, Hadden (Mich.); Bridge (Knox); head linesman, Martin (Lake Forest).

All-Star Teams.

The coaches of the Illinois intercollegiate association, commonly called the minor conference, has sent in dope relative to their teams, and J. Ben Ward of the Peoria Star has announced the following honors:

First Team.  
Right end—Benjamin, Normal.  
Right tackle—Butler, Wesleyan.  
Right guard—Shodgrass, Shurtless.

Center—Streeter, Wesleyan.  
Left guard—Reeder, Millikin.  
Left tackle—Taylor, Lincoln (capt.).

Left center—Frisbie, Illinois col.  
Quarterback—Wilson, Chas., Normal.

Left halfback—Lee, Millikin.  
Fullback—McLaughlin, W. and V.

Second Team.  
Right end—McKee, W. and V.  
Right tackle—Boone, Lincoln.  
Right guard—Taubeneck, C. Normal.

Center—Hiller, Lombard.  
Left guard—Wheeler, Normal.  
Left tackle—Cooper, Charleston.

Left center—Johnson, Wesleyan.  
Quarterback—Wilson, Millikin.  
Right halfback—Foodish, Lombard.

Left halfback—Dooney, Wesleyan.  
Fullback—Allen, Bradley (capt.).

It will be noted that in the first team Frisbie is given a position at left center. In speaking of him the report says: "There are few good ends to choose from; in fact, the ends of this first team are taken from other positions. Benjamin of Normal, who played halfback most of the season is placed at right end. Frisbie of Illinois college, a star tackle, is placed at the other end. These two men are natural ends, but have been used in other positions because the coaches found it necessary. Benjamin is a star with the forward pass and on end runs. He is also a deadly tackler. All these points fit Frisbie with the exception that the Jacksonville man is probably more aggressive. He is also a kicker of worth. Johnson of Wesleyan is the best end of those who played that position regularly. McKee of W. and V., a veteran of tried ability, is his teammate. Other fair ends are Pierce of Illinois college, Jaeger of Bradley and Wright of Lombard."

Alford is also given honorable mention in the position of fullback and Stewart at quarter. All the thirteen teams in the conference have one or more men represented in the selections except Eureka, Carthage and Hedding.

Dressed turkeys, ducks, chickens, Leck's Market.

PRAYER MEETING AT GRACE.  
A special Thanksgiving prayer service will be held at Grace M. E. church tonight at 7:30, the pastor, Rev. J. W. Miller, being in charge. All members are urged to attend. The ladies' quartet will sing and Miss Stella Shuff will give a vocal selection.

## Hooray! Baby To Rule the House

No Longer Do Women Fear The Great-est of All Human Blessings.

It is a joy and comfort to know that those much-talked-of pains and other distresses that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous twitching, spells, but there is an entire freedom from nausea, discomfort, sleeplessness and dread that so often leave their impress upon the babe.

The occasion is therefore one of unbounded, joyful anticipation, and too much stress can not be laid upon the remarkable influence which a mother's happy, pre-natal disposition has upon the health and fortunes of the generation to come.

Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom have used and recommend it. You will find it on sale at all drug stores at \$1.00 a bottle. Write to-day to the Bradfield Regulator Co., 130 Lamar Bldg., Atlanta, Ga., for a most instructive book on this greatest of all subjects, motherhood.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants for guidance, not only for herself, but will make you helpful to others. And, in the meantime do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

## MANY PRESENTS AT NOTABLE WEDDING

COSTLY AND BEAUTIFUL GIFTS  
WERE GIVEN.

For Two Weeks Express Trucks  
Have Unloaded Scores of Boxes  
and Crates at White House—  
Presents Being Sent to Couple's  
Home in Williamstown, Mass.

Washington, Nov. 25.—Although the white house has expressly refused to make public any list of gifts received for today's white house wedding, it is known that a great number of beautiful and costly articles have been received. For the last two weeks express trucks have unloaded scores of boxes and crates containing furniture, bric-a-brac, table service, cut glass and household articles generally, while messengers from jewelry stores both here and throughout the country have brought many valuable presents in the form of gold, silver and jeweled articles. Miss Jessie Wilson has been busy during the last two weeks writing personal letters of acknowledgment, but within the past three or four days the presents have come in such great numbers that the task of correspondence had to be deferred.

Among the many notable presents received may be mentioned the following:

The house of representatives gave a pendant made up of one canary diamond weighing six and one-half carats, surrounded by 85 smaller diamonds in a pear shape and attached to a neck chain in which smaller diamonds.

The senate gave an extensive silver tea service suitably engraved.

The supreme court of the United States gave a center piece in the form of a silver boat. It was inscribed as coming from the members of the court and their wives.

The class of 1879 of Princeton university, of which President Wilson is a member, sent a large silver bowl. The sophomore class of Goucher college, of which Miss Wilson is a graduate, gave a silver cake plate.

It is understood that much furniture, silverware, china, and fittings of the cottage at Williamstown, to be occupied by the bride and groom, were furnished by the immediate families of the bride and groom.

Members of the cabinet sent individual gifts. Secretary and Mrs. Bryan sent an inlaid mahogany tea table and chair.

While many of the diplomats sent flowers a number gave the couple gifts of silver. The best information obtainable as to the gifts of the diplomatic corps include the following:

The French Ambassador and Mme. Jusserand—A beautiful large silver tray of the Louis Quinze period.

The Italian Ambassador and Machiavelli—Four massive silver candle sticks of rare design and workmanship.

The Ambassador from Germany and Countess Von Bernstorff—Two heavy antique sugar bowls in antique case.

The Russian Ambassador and Mme. Bakmeteff—An amber umbrella handle set with jewels.

The Minister of Uruguay and Mme. De Pena—A beautiful jewel box of silver and tortoise shell.

The Siamese minister and his wife—A specimen of Siamese handwork silverware, gilded with panels containing a lotus plant and blossom design.

Mr. and Mrs. Andrew Carnegie—A dozen large silver dinner plates of heavy silver, hand wrought in a design of roses and lilies.

A silver service was the gift of women voters of northern California.

Many odd gifts were among those received. William West, an inmate of the Aid Association Home for the Blind, personally presented Miss Wilson with a white knitted hammock.

Most of the presents were being prepared today for shipment to Williamstown, Mass., where the couple will make their home. There are countless other beautiful presents, details of which, however, are kept within the privacy of the white house circle.

## GRANDDAUGHTER OF "BLACK EAGLE" WEDS.

New York, Nov. 25.—A large and distinguished assemblage of guests filled St. Thomas church for the wedding of Miss Edith Logan and Dewey W. Dilworth. The bride was given away by her brother, John A. Logan, 3rd. She had her elder sister, Mme. de Sineay of Paris, as matron of honor, and her bridesmaids were Misses Audrey Osborne, Vouletti Proctor, Mercedes de Acosta and Eleanor Lamson. Mr. Dilworth was attended by William de Forest Manice as best man. The ceremony was followed by a reception at the residence of the bride's mother in West Fifty-sixth street.

The bride is the granddaughter of Gen. John A. Logan. Her father, the late Major John A. Logan, was killed while leading his men into action near San Fabian in the Philippines in November, 1899. Six of his men fell with him and another officer and twelve men were wounded. Major Logan married Miss Edith Andrews, daughter of the late C. H. Andrews of Youngstown, Ohio, in 1877.

Mr. Dilworth, the bridegroom, belongs to a family well known in Pittsburgh and in New York city. He is a Yale graduate and is in business in this city.

## THE BIRTH RECORD.

## CHICAGO ALDERMEN ARE DISCUSSING LIGHT RATES

Reductions Proposed Which Would  
Benefit 85,000 Consumers. Alderman  
Merriam Wants Contract  
of Short Duration.

The Chicago Tribune tells of the discussion of new electric light rates now going on in the Chicago city council.

"A sharp fight is expected in the city council when the ordinance to regulate the rates of the Commonwealth Edison company will be called for passage by Alderman Lewis D. Sitts, chairman of the gas, oil and electric light committee.

"A considerable faction is disposed to accept the opinion of the city electrician, who iterates the claim of the company that the proposed reduction would be of considerable benefit to 85,000 consumers of electricity. There is quite as active a faction, led by Alderman Merriam of the Seventh ward, showing spirited opposition, based principally on Mr. Merriam's claim that the small consumers receive the minimum of benefit and should receive much more. He is particularly opposed to making the life of the ordinance, under these conditions, as long as five years, and is urging that it be for only two or three years.

## Saving Under Proposed Rates.

"The ordinance as drafted provides for a rate of 10 cents a kilowatt hour for the first hour's daily use or maximum demand, 5 cents for the second and 3 cents for all excess, to become effective March 1, 1914. A rate of 10-5-4 is to become effective December 1. The present rate is 10 and 5, there being no excess rate.

"City Engineer Ray Palmer has prepared figures showing how the 10-5-4 rates would affect consumers. Of 115,206 apartments consuming electricity 48,137, or 41.8 per cent, would be benefited by the new rate, he asserts. The average bill for an apartment is \$4.15, on which the saving would be 58 cents, or 14.1 per cent.

Of 6,018 houses where electricity is used, 2,748 would be benefited, the average bill being \$5.50, on which the saving would be 62 cents, or 11.3 per cent. Of 11,383 business offices, 9,846, or 86.8 per cent, would be benefited. The average bill is \$7.15, which would be reduced by \$1.26, or 17.6 per cent. Mr. Palmer says. On the basis of 1913 figures it is claimed the company's revenue will be reduced more than \$600,000 annually if the ordinance passes."

## HELD PUBLIC SALE.

Fred Rook, who resides a quarter of a mile east of Woodson, held a public sale at his farm Monday. Mr. Rook has a position with the Frye, Hanna & Harris Livestock Commission company of East St. Louis and expects to move to that place soon.

The sale was well attended and good prices were received. Implements sold well. Timothy hay brought 72½ per bale, clover hay 70 cents, wheat straw 31 cents and seed corn \$2 per bushel. One lot of 80 head of stock hogs, averaging 165 pounds, were sold to Walter Fearneyhough of Lynnville for \$11.05 per head. Other stock hogs brought from \$6.25 to \$8 per head, milk cows brought \$57.50 to \$70 per head, calves \$17.50 to \$27.50, yearling steers from \$29.50 to \$48 and heifers from \$26 to \$40. Robert Megginson bought one pair of mules for \$347.50. Benjamin Care one pair of mules for \$295. William Rook one pair of mares for \$275 and Leonard Goacher one mare for \$150. The ladies of the Presbyterian church of Woodson served lunch from which they realized a neat sum. C. Justus Wright and Leonard Goacher were the auctioneers and Amos Megginson acted as clerk.

## CARNEGIE GROWING OLD.

Ironmaster Celebrated 78th Birthday Quietly at His New York Home.

New York, Nov. 25.—Andrew Carnegie, philanthropist, author and philosopher, today passed another milestone—the 78th—on his journey through life. He is in good health, as well as he has felt in years, as he declared to the numerous friends who called during the day to offer their congratulations.

Although it is now many years since he retired from active business, Mr. Carnegie says he has not yet reached the age when he can afford to sit by the fireside and take life easy. There are few busier men in New York than the former steel master. While supposed to be enjoying his customary vacation in Scotland the past summer Mr. Carnegie in reality was scurrying hither or thither on the continent, attending the sessions of the peace conference at The Hague and incidentally running over to Berlin to have a confidential chat with the German emperor.

During his winter residence in New York Mr. Carnegie regularly puts in six hours or more each day looking over his voluminous mail and considering appeals for financial assistance from libraries, colleges, philanthropic and charitable organizations and countless individuals in almost every part of the world. That many of these appeals meet with a substantial response is evidenced by the fact that Mr. Carnegie's gifts thus far in 1913 amount to many millions of dollars. The grand total of his benefactions probably never will be known, since there are many educational contributions and contributions for charity in which the public is not taken into his confidence. It is a probable fact, however, that the man who started his career as a telegraph messenger boy at a weekly wage of four dollars, has given away more money for philanthropic purposes than any other man in the history of the world.

## LOSES LIFE IN AUTO.

Davis' body was found under the machine.

## LOCAL EAGLES ATTEND DRILL AT ALTON.

Special Drill is Given For Visitors Sunday Afternoon.

Fourteen members of Jacksonville Aerie No. 509, Fraternal Order of Eagles, went to Alton Sunday where they were guests of Alton Aerie No. 254 at a special drill given by Alton drill team. Worthy President Edward Jaugg of Alton met the delegation at the train and after breakfast the visitors were taken about the city by Mr. Jaugg and Secretary Benjamin Winters.

The team, in charge of Conductor O. J. Paul, gave a most impressive interpretation of the ritualistic work of the order with John Barner, recorder of deeds of Madison county, acting as the candidate, after which a fancy drill was given. Mayor Faulstick, who is a member of the Alton Aerie, met a number of the visitors and explained Alton's lighting system. Alton Aerie has a beautiful home valued at \$40,000 and a membership of nearly 400, also a woman's auxiliary. Drill master Paul offered to bring the team to Jacksonville and give a drill. Those from Jacksonville who attended were: Worthy President Frank Corren, Past President Henry Braner, M. H. O'Brien, R. R. Stringham, Edward Peterson, James Tobin, Harry Fernandes, Gus Abbott, Patrick Hennessey, John Kehoe, William Thompson, Otto Wilner, Edward Jackson and William Walters.

### JOE TINKER WILL NOT MANAGE REDS NEXT YEAR

Board of Directors Are Unable to Come to Terms With Tinker and He Is Not Re-Engaged.

Cincinnati, O., Nov. 25.—It was officially announced by the board of directors of the Cincinnati Baseball club today that Joe Tinker, manager of the team last season, would not manage it during the season of 1914. Inability to come to terms with Tinker is given as the reason for reaching this conclusion. The official statement says: "Mr. Tinker seemed to believe that he was entitled, if he again assumed the position as playing manager of the Reds to usurp all the authority vested by the stockholders in the executive offices and the board of directors of the company. Under these circumstances the directors decided not to reengage Tinker as manager of the team for next year."

The officials say they have no one in sight to succeed Tinker.

**Has No Plans For Future.**  
Chicago, Nov. 25.—Joe Tinker asserted here tonight that he would never be a player on the team from whose management he was ousted today. He said his release came as a surprise and he had no plans. Tinker regretted that he could not retain the management for another year as he thought he could build up the team into a stronger aggregation.

Tinker asserted he was released because as manager he insisted upon absolute control and objected to his players being watched when they were off field.

**I. A. C. TEAM THE FAVORITE.**

### COOK COUNTY COMMISSIONERS REFUSE TO ACT ON RECOMMENDATION

Suggestion Made By Citizens Organization Is Flatly Rejected By the Board.

Chicago, Nov. 24.—The Cook county board of commissioners today refused to act on the recommendation by the Bureau of Public Efficiency, a Citizens' organization, that the books of County Treasurer William O'Connell be investigated with a view to disclosing the disposition of the interest on county funds on deposit. The efficiency bureau charged that \$130,000 of interest on county money should be turned over by O'Connell.

"We resent the suggestion that we are incapable or unwilling properly to discharge our duties and we hereby express our disapproval and contempt to the scheme submitted," the resolution or rejection said in part. The vote was on party lines.

O'Connell declared that his conduct of his office had been regular and offered to submit his books for inspection.

### INDEPENDENT COMPANIES COULD HANDLE LEGISLATURES

Testimony at Anti-Trust Hearing Brings Out One of the Purposes of the Proposed Telephone Merger.

Chicago, Nov. 24.—Testimony to the effect that one of the purposes of the American Telephone & Telegraph company in desiring a merger with the independents was to present a better front against undesired state legislation, was given at the anti-trust hearing today by Richard Valentine, general manager of the Rock County, Wis., Telephone company. Mr. Valentine was testifying about a meeting here when the independents were addressed by Theodore N. Vail, president of the American company.

"Mr. Vail, during his talk, said that one of the benefits of the merger would be that the state legislatures could be better handled by the independents than by the Bell company," Mr. Valentine said. "He said his company was having a good deal of trouble with the legislature in a number of states. He added that we, the independents all over the country stood nearer the legislatures than they did and could handle them better. In fact, he said, that in case of a merger the legislatures would be handled almost entirely over to us."

"The lining up and handling of aldermen and all local boards in the state were to be put to us also, as I recall the suggestions of Mr. Vail." The hearing will be resumed tomorrow.

### COLD-STORAGE DEALERS REQUEST HEARING OF ATTORNEY McREYNOLDS

Attorney General Receives Scores of Telegrams from Dealers Throughout the Country.

Washington, Nov. 25.—The double-barreled attack upon the cold-storage dealers of the country by the department of justice and congress brought many letters and telegrams to Attorney General McReynolds urgently requesting that the dealers be granted a hearing before the department takes the matter into the courts.

The attorney general is not so anxious to prosecute the dealers as he is to bring down the price of eggs and other products in which the cold storage men deal. If this can be accomplished through an adjustment with the dealers such a course may be adopted provided any combination found to exist is broken up voluntarily and no criminality is disclosed. Pending any offers in person from the cold storage men the department has set its best agents on the trail of high produce prices and the attorney general is waiting eagerly for their reports.

Some officials of the department admit that there has been little reduction in the cost of living since the tariff bill became a law and their aim is to discover who is to blame.

### ORIGINAL "SQUEALER" MUST STAND TRIAL FOR DAUGHTER'S MURDER

James Purcell Is Found Same By Court Commission and Must Face Jury on Murder Charge.

New York, Nov. 24.—James Purcell, the gambler who testified as the original "squealer" during the aldermanic investigation a year ago that he had paid upwards of \$50,000 for police protection must stand trial for the murder of his twelve year old daughter, Agnes. Purcell was found sane by a court commission which filed its report today. The murder was an indirect outgrowth of the story told by Purcell on the witness stand. When his wife called him a squealer he shot at her and she feigned injury; then he shot and killed his daughter.

### TWO ITALIANS MURDERED AS RESULT OF OLD FEUD IN DETROIT

Men Are Found Lying in Street in Italian Colony—Assassin Uses a Sawed Off Shot Gun.

Detroit, Mich., Nov. 24.—Vito and Salvatore Adamo, brothers, were shot to death late today, the assassin using a sawed off shot gun. The two men were found lying in a street in the Italian colony, but residents of the vicinity declared to the police they heard no shots fired. The weapon was found nearby.

This is the fourth shooting of a similar nature in Detroit's Little Italy, in two weeks, though the victims of the previous assaults were not fatally injured and all are attributed by the police to a feud of long standing. The first victim was Ferdinand Palma, banker and former police lieutenant who was shot while sitting in his private office. Vito and Salvatore Adamo were arrested in connection with the Palma shooting and later were released. Vito Adamo, who is a banker and a leader among local Italians, recently was acquitted of a charge of murdering another of his fellow countrymen.

### GOVERNMENT SEEKS ARREST OF EX-PRESIDENT OF NICARAGUA

Whereabouts of Zelaya Are Unknown at This Time, Although He Recently Visited Washington.

Washington, Nov. 25.—Through the department of justice the United States government is bending every effort to secure the arrest of former President J. Santos Zelaya of Nicaragua, wanted by the Nicaraguan government on a charge of assassination and abuse of authority in causing the death of two Nicaraguans, Domingo Toribio and Sixto Pineda, at Masaya, April 21, 1901.

Ordinarily a government seeking the extradition of an alleged criminal is expected to secure his arrest through its own agencies, but there is an unusual provision in the existing extradition treaty between the United States and Nicaragua. This makes it the duty of the United States government to endeavor to procure the provisional arrest of such criminal, upon being informed by telegraph or otherwise through the diplomatic channel that a warrant has been issued by competent authority for his arrest and that a proper requisition for the surrender of the criminal is about to be made. So when the state department was asked to arrest Zelaya, the department of justice was promptly called upon to secure his apprehension. No one here knows the whereabouts of Zelaya at this time, although he recently came to Washington and unsuccessfully sought an interview with Secretary of State Bryan.

### TWO HUNDRED CLERGYMEN ATTEND GOLDEN JUBILEE CELEBRATION

Archbishop Spaulding of Peoria Celebrates Golden Jubilee—Jubilant Is Very Feeble.

Peoria, Ill., Nov. 24.—Two hundred visiting clergymen today attended the golden jubilee celebration of Archbishop John Lancaster Spaulding. Pontifical mass was celebrated by Archbishop Quigley of Chicago and Archbishop J. J. Glennon of St. Louis delivered the sermon. Archbishop Spaulding, the jubilarian is very feeble and walked with much difficulty to the altar. Because of the archbishop's feebleness a public reception planned for this afternoon was abandoned. Archbishop Spaulding was for 36 years bishop of the diocese of Peoria and on his resignation was elevated to the position of Archbishop to the Titular See of Cyprius by Pope Pius IX. He was one of the founders of the Catholic University at Washington and was one of the arbitrators picked by President Roosevelt to settle the anthracite coal strike.

**BACK TO PRIVATE LIFE.**  
Washington, Nov. 24.—W. Cameron Forbes, former governor general of the Philippines, returned to his private business here today after an absence of nine years. Many friends and business associates called on him. Beyond pointing to the progress made in the Philippines during the past decade, Mr. Forbes made no comment either on his own or the present administration of affairs in the islands.

### DISCUSS DISSOLUTION PLAN FOR TERMINAL ASSOCIATION

McReynolds Will Not Agree to Plan Providing Pro-Rata Distribution of Stock of St. Louis Association.

Washington, Nov. 24.—Government plans for the dissolution of the terminal association of St. Louis held by the supreme court to exist in violation of the anti-trust act were discussed today by Attorney General McReynolds and E. C. Crow of St. Louis, special assistant for the department of justice in the case. The supreme court ordered the dissolution of the terminal association, which absolutely controls the terminal facilities of St. Louis but the manner of dissolution was not prescribed. The plans discussed today were not announced at the department but it is known that McReynolds will not agree to a dissolution which would provide a pro-rata distribution of the stock of the terminal association. He holds that such pro-rata distribution of stock does not dissolve a combination as it should be dissolved to prevent monopoly. The department suggestions for a decree will be laid before the United States district court at St. Louis December 10. If the court does not agree with the department's idea of a dissolution plan, an appeal will be taken by the government to the supreme court.

### CELEBRATE EVACUATION DAY.

New York, Nov. 25.—One hundred and thirty years ago today the people of New York gathered at the Battery to witness the departure of the British troops, whose evacuation of the city was followed the next day by the entrance of General Washington and the American army. In accordance with time honored custom the Old Guard today celebrated the anniversary by marching down Broadway from the city hall to the Battery, raising the flag on the parade grounds amid the booming of 21 guns and then retiring to their armory to partake of a luncheon and the celebrated punch. Even the busy bulls and bears of Wall street abandoned the ticker for a few minutes to watch the famous military organization as it marched through the streets in full regalia.

### CLEANSES YOUR HAIR

MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous and All Dandruff Disappears—Haid Stops Coming Out.

Surely try a Danderine Hair Cleanser! If you wish to immediately double the beauty of your hair, just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy, abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Adv.

### ATTENDED CONFERENCE.

Missionary of American Sunday School Union Held Interesting Sessions.

Jesse R. Hastings, local missionary of the American Sunday School Union has returned from the annual conference of that society, which has been in session at the Moody Bible Institute in Chicago. The first day of the conference was spent largely in a rally service and the appointment of various committees.

Rev. James M. Gray, D. D., dean of Moody Institute gave an address of welcome to the missionaries on behalf of the institute and Mr. A. B. Meade spoke in behalf of the Chicago business men who are represented in the official board of the society. Rev. William W. Johnston, D. D., of Chicago, who is superintendent of this district spoke briefly in response and introduced the speaker of the evening, Rev. Edwin W. Rice, D. D., of Philadelphia. Dr. Rice has been editor of the publications of the union for many years and is a noted authority on Sunday school work. He has also traveled extensively in Holy lands and is the author of several books on oriental customs, etc. "The American Sunday School Union, Past and Present." He told of the organization of the society in 1824 and vividly pictured its work down to the present time. Dr. Rice mentioned many prominent men who had served as officers in the work, among them being Daniel Webster, Rufus Scott Key, (author of Star Spangled Banner), Hon. John McClean, former chief justice of the United States supreme court, Hon. William Strong, Ex-Governor Pollock of Pennsylvania, Timothy Dwight, former president of Yale and many others. Among other noted men who spoke to the conference were, Rev. George P. Williams, D. D., and Prof. James McConaughy of Philadelphia, Rev. A. S. C. Clarke, D. D., of Evanston, Rev. Joseph Weik of Des Moines, Ia., and Rev. John O. Ferris of Minneapolis. It is expected that the coming year will be a good one for the work of the society and every effort is being put forth to reach all the isolated districts possible. Mr. Hastings will remain in the same territory with headquarters in Jacksonville and he hopes to be of even greater service to the district than he has been before.

### O'WAN HELD FOR AN ALLEGED ATTEMPTED HOLDUP

Prisoner Is Said to Have Attempted to Rob Cattlemen in Coach Attached to Stock Train.

Elk River, Minn., Nov. 24.—A man giving his name as George Moulton of Fairfield, Iowa, is in jail here, having been arrested after an alleged attempt to hold up the passengers in a coach attached to a Northern Pacific stock train today. Moulton, it is claimed, entered the car, locked the doors, drew a revolver and commanded the passengers, all of them stockmen, to hold up their hands. The stockmen were armed and, getting the drop on the intruder, ejected him from the train. Sheriff Iliff was notified and found Moulton hiding in a field half a mile from the railway tracks. A preliminary hearing on a charge of attempted train robbery will be held here tomorrow. According to Sheriff Iliff, Moulton is also wanted at Hebron, N. D., on a charge of robbery.

### HEADACHY, COSTIVE, BILIOUS—"CASCARETS"

Sick Headache Bad Breath, Sour Stomach, Measly Liver and Bowels are Clogged—Cheer Up! Get a 10 cent box.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the delicate brain tissue is causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10 cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

mises to pay to bearer twelve and 50-100 dollars (\$12.50) in gold coin of the United States at the Fort Dearborn Trust and Savings Bank in the City of Chicago, Illinois, for interest due that day on its Electric Light Bond dated July 1, 1914, No.—

## HEAD COVERED WITH DRY SCALE

Hair Came Out. Head Itched and Bled. Could Not Attend School. Two Cakes of Cuticura Soap and One Box Cuticura Ointment Cured.

2760 Tamm Ave., St. Louis, Mo.—"My little daughter's head began with a dry harsh scale covering it. First it got a white scale over the top and then it got a dirty brown scab with pus under it. Her hair came out in less than a week and her head itched and bled. She had no rest. I had her wear a scarf all the time. It looked so badly. She was so sore and had such big brown scabs on her head that the teacher would not let her attend school.

"We took and had her treated for three months with no relief. She kept getting worse until I tried Cuticura Soap and Ointment. I used the Cuticura Soap every third day and the Cuticura Ointment at night. After three days the scabs began to come off and new hair to come in. In three weeks her head was well of sores. Two cakes of Cuticura Soap and one box of Cuticura Ointment completely cured her." (Signed) Mrs. Walter Rogers, Nov. 28, 1912.

Why not have a clear skin, soft white hands, a clean scalp and good hair? It is your birthright. Cuticura Soap with an occasional use of Cuticura Ointment will bring about these coveted conditions in most cases when all else fails. A single set is often sufficient. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

### STENOGRAPHER'S OVERSIGHT CAUSE OF SALOONS TO CLOSE

Fails to Ascertain Whether Material Commission Had Been Renewed and Acts Without Authority.

Des Moines, Iowa, Nov. 24.—The failure of Miss Bessie Cohen, a stenographer to ascertain definitely whether her notarial commission had been renewed, was the direct cause of the saloons of Des Moines being closed under the supreme court decision, according to developments today.

The court declared that Miss Cohen, who took the affidavits of nearly two thousand signers of the saloon consent petition in 1910, was without authority to act as notary. It appeared that Miss Cohen had applied for a renewal of her petition but had neglected to file the endorsement of a public official as required by law. About the time she was taking affidavits her application was returned by the governor's office, but thinking it was her commission she did not take the trouble to open the envelope.

Nearly two thousand names thus eliminated from the consent petition which the court decided must be based on the last city election instead of the general election caused it to be insufficient and the saloons were closed.

Dressed turkeys, ducks, chickens, the finest at Dorwart's market.

### BILLY SUNDAY'S LIFE STORY TOLD BY OHIO EDITOR.

Biography of Life and Work of Famous Base Ball Evangelist Has Been Written.

Citizens of Jacksonville who have followed the career of Rev. Billy Sunday since he conducted his series of revival meetings here in 1908, will be interested to know that a biography of his life has been prepared.

Theodore T. Frankenberg, of Columbus, who "covered" the great Billy Sunday campaign in Columbus for the Ohio State Journal has written the remarkable life story and in it has brought out many interesting facts about the famous evangelist which were hitherto unknown.

The author has traced Rev. Mr. Sunday's career from the start. To verify the isolated facts about Billy Sunday had become a national figure, he corresponded with ministers, editors or prominent citizens in every city and town in which a Sunday campaign has been conducted.

The result is a thrilling life story of a man whose career has been spectacular from the start. For this reason the book has been called "The Spectacular Career of Rev. Billy Sunday."

### DONATIONS MADE FOR PASSAVANT HOSPITAL

The Day a Success, a Goodly Amount In and Many Visit the Place.

Donation day at Passavant hospital passed off very pleasantly and long before night a goodly array of useful articles appeared in the hall of the main building. People arrived from forenoon till evening and many brought with them good and useful articles and some money was also given.

It was also the occasion for the formal opening of the new nurses' home and that structure was thronged nearly all day with friends who were glad to look over the place and none the recent addition to the plant of the hospital.

From attic to third story to basement the visitors went and all expressed themselves well pleased with what they saw. The members of the hospital aid society were well represented and all day rendered valuable assistance. Frappe was served from a generous bowl and all were invited to refresh themselves. While the ladies of the aid society were untiring in their efforts to please and entertain all who called during the day.

In this connection it is proper to state that credit should be given to whom it is due. Miss Venner, the capable and untiring superintendent, had a large part in the planning and carrying the work to a successful termination. Her skill, experience and ability were frequently in demand and were called for in vain and great credit is due her for what she did.

Another person who deserves much credit is the worthy president of the board, John R. Loar, who did so much in aid of the enterprise. His experience as a builder was very valuable and he was ever ready to be used for the good cause. He gave much valuable time and counsel to the work. While in the furnishing that noble order, the ladies' hospital aid society, has done grand work. The building will soon be occupied by the young ladies for whom it was intended.

In the morning the board had a meeting and formally received the building and placed on the wall a beautiful silver tablet with the words

### FEEBLE OLD PEOPLE

Are Told How to Regain Strength And Vigor.

As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less effectively than in youth, the circulation is poor, the blood thin and digestion weak.

Vinol, our delicious cod liver and iron tonic without oil is the ideal strengthener and body-builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

Mrs. Mary Ivey, of Columbus, Ga., says: "If I only knew the good Vinol does old people, I am sure you would be unable to supply the demand. I never took anything before that did me so much good as Vinol. It is the finest tonic and strength creator I ever used in my life."

If Vinol fails to build up the feeble old people, and create strength, we will return your money. Lee P. Alcott, Druggist, Jacksonville, Ill.  
P. S.—Our Saxo Salve stops itching and begins healing at once.

Miss Carrie Deitrich entertained the Coterie of Joy Prairie at her beautiful suburban home Nov. 8th, and as usual gave those present a novel and instructive entertainment, being assisted ably by Miss Baldwin of Jacksonville, who demonstrated several new and helpful as well as aesthetic dishes to the gratification of all lucky enough to be included in the guest list.

John Roybom and James Smith spent Monday in Jacksonville.

Mr. and Mrs. Charles Rexroat and little James, Jr., spent Friday morning in Jacksonville.

Miss Alva Valley quietly slipped away Thursday to Jacksonville and was joined in the holy bonds of matrimony with Joseph E. Charlesworth there. All join in wishing them prosperity.

The bridge across Indian creek that was put out of use by a traction engine breaking through was removed and a new one has been completed by the bridge company.

The roads are getting good again, but still rough in places.

Prayer meeting will be held at the home of Mrs. Moody Wednesday afternoon.

## WRIGLEY'S SPEARMINT

by the box for 85 Cents!

This famous confection that's liked everywhere—that's constant delicious and inexpensive aid to teeth, breath, appetite and digestion—is now selling for less than a cent a stick—by the box! Take it home tonight!

*It's clean, pure, healthful if it's Wrigley's*

### CAUTION!

The great popularity of the clean, pure, healthful **WRIGLEY'S SPEARMINT** is causing unscrupulous persons to wrap rank imitations that are not even real chewing gum so they resemble genuine **WRIGLEY'S**. The better class of stores will not try to fool you with these imitations. They will be offered to you principally by street fakirs, peddlers and the candy departments of some 5 and 10 cent stores. These rank imitations cost dealers one cent a package or even less and are sold to careless people for almost any price. If you want **Wrigley's** look before you buy. **Get what you pay for. Be SURE it's WRIGLEY'S.**

We are inserting the above caution solely to protect our customers, who are continually writing us that they have been deceived by imitations which they purchased thinking they were WRIGLEY'S.

### STOCK MARKET QUOTATIONS ADVANCE

SPECULATION DEADLOCK IS  
BROKEN ON STOCK EXCHANGE

Trading Activity is Confined to the  
Forenoon, After Which Market  
Relapses Into Stagnant Condition  
—No Aggressive Effort is Made to  
Force Up the List.

New York, Nov. 25.—The long  
awaited turn in the stock market  
came today. Temporarily, at least  
the speculative deadlock was broken.  
Quotations advanced definitely  
and top prices showed gains of two  
points in some cases.

While trading was considerably  
more active than yesterday, the to-  
tal of transactions was not large.  
Activity was confined to the fore-  
noon, after which the market relap-  
sed into stagnant condition. In spite  
of the readiness with which prices  
responded to a moderate increase in  
buying, no aggressive efforts were  
made to force up the list. The day  
passed without developments relating  
to the matters in which the street  
is most interested and the rise in  
prices apparently was due to the sold  
out condition of the market.

Speculation was facilitated by the  
availability of cheap money for stock  
market purposes but before the end  
of the day the call money market re-  
flected recent heavy withdrawals by  
rising to four per cent. For Canada  
\$2,250,000 more gold was engaged  
today bringing up the total on the  
movement to \$6,350,000. Loss to  
banks on sub-treasury operations this  
week was placed at over \$6,000,000.

## HEAD OF SOUTHERN RAILWAY DIES OF STROKE OF APOPLEXY

W. W. Finlay is Stricken Suddenly  
And Death Comes Without Him  
Regaining Consciousness.

Washington, Nov. 25.—William Wilson Finlay, president of the Southern Railway and a leading figure in movements for the development of the South, died here today as a result of a stroke of apoplexy, which he sustained a few hours before. He did not regain consciousness after he was stricken.

Mr. Finlay's death came absolutely without warning. Scarcely yet past the prime of life, he was vigorous and energetic and seemingly in the best of health until a moment before he was felled by a stroke. He passed the evening yesterday quietly with his family and retired apparently in the best possible physical and mental condition. When he arose about 7 o'clock this morning he casually observed to Mrs. Finlay that he felt a feeling of slight oppression in his head. She left the room a moment to obtain some mild remedy and when she returned he was leaning over a dresser with his head buried in his hands. She rushed hastily to assist him but he became unconscious. The physician was called. It was evident that Mr. Finlay was suffering from a stroke of apoplexy and all effort to restore him to consciousness were made. At 1:50 this afternoon he passed away with Mrs. Finlay, three of his daughters and his son at his bedside.

### BRIEF NOTES FROM THE REALM OF FASHION.

New York, Nov. 25.—Even the most casual observer must become convinced that panniers have returned into favor and will probably remain in favor—for a while at least. Considering the fact that several seasons ago one of the noted designers in Paris made the daring attempt to bring panniers into fashion, but failed, because women did not take kindly to the innovation. For a while, it is true, there was a perfect craze for panniers, but it died out as suddenly as it had developed.

A few months ago another noted designer of fashions in Paris introduced Persian styles into fashion. About that time Richepin's "Le Minaret" was produced in Paris, proving an unprecedented success. The costumes of the actresses, designed after the Persian fashion, were copied far and wide and the result of all this was that the Persian "line" became universally popular. From the Persian line to the pannier was but a short step. Although the Persian tunic is really unlike the ordinary pannier, in detail, the general outline is very similar. In both cases the upper part of the dress stands away from the hips and accentuates the clinging folds of the skirt.

At the present moment the rule in the world of fashion seems to be that panier effects are correct in the day time and Persian tunic effects in the evening. Most of the arbiters of fashion agree that the genuine Persian tunic is unsuitable for day wear.

Some of the newest panniers are in reality formed from two wide gathered flounces, which are attached to the skirt at both sides, giving a sort of quaint balloon appearance to the dress. Another design is arranged in a single flounce gathered at the waist and again gathered half way between the waist and knee line. These flounces are always made of very supple material and they are interlined with fine muslin in order that they may stand away from the hips in the desired manner. For evening wear the exaggerated Persian tunic is immensely popular. It is made of many different materials, but always richly embroidered and intricately stiffened at the hem.

The alliance of diaphanous fabrics and furs seems to have made a great hit. Almost without exception the masterpieces created by the most famous designers strongly feature the combination of fur and transparent materials. Evening gowns tend themselves beautifully to this form of decoration and the flounced skirt offers a wide opportunity for the use of fur bandings. Frequently skunk, mink, marten and sable fox are used for finger widths to border tunics of sheerest lace, chiffon, tulle or mousseline de soie. The use of dyed fur in tones of yellow, blue, purple and green has met with approval and such dyed furs are often used on handsome models.

The craze for fur trimmings has assumed such proportions that it is scarcely surprising that fur has made its appearance upon neckwear. The shops show many styles and designs of dainty neckwear in which fur is combined with lace or with some material of delicate texture.

Nut brown, fawn, suede, cramois, cinnamon and cuir or leather brown are among the favorite shades for autumn wear for tailored suits; also mordore or golden bronze, a warm, mellow tint bordering somewhat upon chestnut, that looks charming with collars and parements or some brown or gray fur, or even with the russet fox skins all the rage for the moment, although their vogue will probably not last very long.

For afternoon dresses there are numerous improvements over the popular charmeuse and drap de soie of last season. Softly supple and easy to drape, they are, moreover, accompanied by delightful satin brocades to correspond, of which the tunic is sometimes made. In dark blue, vert Russe, mole, an unassuming cerise color, amethyst and a pale gray, they are charming, while for those who prefer more strident colors there are purples and crimsons, orange, yellow, citron, absinthe and "tango," a cross between the shades of flame and tangerine. Brocades and brocettes and silken gauzes embellished with velvet are one and all the mode of the season, and make exquisite gowns when properly thought out and combined with plain materials.

Lace dresses are popular for ball gowns and many scarf draperies of chiffon or charmeuse terminating at the back in immense butterflies are poised everywhere—on hats, gowns and shoes. One of the handsomest gowns recently displayed by a noted Paris designer was of white beaded tulle over white satin. Bands of mink trimmed the corsage and reddish brown tulle was used for the skirt, which was arranged to form a butterfly on the front of the corsage.

Sable, skunk or mink edges the bolero overdraperies of bodices on many of the smallest afternoon frocks. White caracul, ermine or fox is a fashionable trimming for the tunic of black chiffon which appears on many gowns of white satin in brocade or plain design.

A flower at the waist line is a fashion much favored for afternoon wear and black tulle bows centered with small buckles or brilliants adorn the corsages of many smart evening costumes. Antique buttons and shoe buckles are being searched for by the women of fashion and good taste who prefer one rare old gem to twenty new ones.

The depe girdles adorning afternoon frocks now assume the lines of a vest, and are frequently fastened with jeweled buttons.

A variation of the Papal collar is enjoying great popularity. The collar itself is of lace wired to fit snugly about the back of the neck and with pointed corners which turn back from the front of the throat. The lace is then extended down the sides of a striped silk waistcoat, to which the collar is attached, and a

pleated frill of lace adorns each side.

Never has the fichu been more popular than now. Many of the fichus are of such large proportions that they resemble shawls. Sheerest net, embroidered or plain, mousseline de soie, rare lace, batiste, sheer linen, are used to make the pretty bits of neckwear.

The favored trimmings for the velvet hat are butterflies, aigrettes, paradise, gourd and fantasies of all varieties. Single feathers from the heron, eagle, pheasant or swan are a favorite ornament for the morning hat. Two of these are posed at the back in criss cross fashion.

Ostrich plumeage has been twisted and wired into every conceivable shape, and the latest innovation is to remove all the fronds from the stems and curve the stiff porcupine-like quills at the ends. These are punched at the front, side or back of fur, velvet or velour hats.

Florence Fairbanks.

VOTE TO INCORPORATE

Women Voting in Election Was Feature of Day's Program, the Ballots Showing 92 for and 66 Against Proposition.

By a decisive vote the residents of Concord went on record to incorporate Tuesday. The voting of the women was a feature of the election and the vote stood as follows:

For Proposition: 92  
Men ..... 47  
Women ..... 45  
Total ..... 92  
Against Proposition: 66  
Men ..... 35  
Women ..... 31  
Total ..... 66

For sometime the residents of Concord and immediate vicinity have been agitated over the question of incorporation. As stated in the Journal a few days ago, the question of incorporation as a village has been discussed and with considerable warmth.

Residents of the place have felt the need of incorporating in order that they might better be able to handle affairs and suppress the lawless elements which are given to making trouble in the place. On the other hand the town now contains some forty acres and the plan has been to include about two square miles thereby bringing in some persons who are farmers only and whose property only farms. These people strongly objected to being obliged to come in and perhaps pay increased taxes and so the contest waxed strong but the incorporators won out and Concord will now have its duly elected officials and they will look after the peace and welfare of the community all right and all will hope that in the end the people of the place will feel incorporation was for the best.

It is said that some of the objectors who owned land or dwellings threatened to raise their rents and thus get even if they were compelled to come into the corporation and pay increased taxes. A petition against incorporation was circulated and those most interested are said to have resorted to the plan mentioned above.

Jacksonville Lodge No. 570, A. F. and A. M., will hold a special meeting tonight at 7 o'clock for work. Visiting brothers welcome.

FINISH ARRANGEMENTS  
FOR POULTRY SHOW

New Cup Provided as Prize for Wyandottes—Large Number of Entries Indicate Success.

At a meeting of the Morgan County Poultry association Tuesday evening in room 5 of the Gallagher block final arrangements were made for the annual show which will be held at Armory hall December 10-13. The association has provided a handsome silver, gold-lined cup which will be placed in competition among White Wyandotte fanciers for the first time this year. This cup, together with the others possessed by the association, will be placed on exhibition the first of next week in the window of A. R. Taylor.

A committee was appointed to provide ribbons for the show, consisting of Mrs. Allen Franz, Mrs. James C. Weber and Mrs. Lambert Hastings. In an informal report of the progress of entries it developed that the number and variety sent in to the secretary point this year to an all-round record-breaking show, and general optimism prevailed as to the outcome of the 1913 exhibition.

reach as full an agreement as possible upon the features of the legislation which split the senate committee. Senator Owen had announced early in the day that he would ask the senate to work until six o'clock each night and to consider the currency measure at all times when special orders did not prevent. Senator Shafroth, one of the Democratic committee who helped in the preparation of the Owen bill followed Senator Hitchcock with a comprehensive explanation of the problems confronted in trying to change the currency system of the country and an endorsement of the principles of the Owen bill. He insisted that more than eight regional banks would leave the country without adequate protection in case of panic because of the inability of remote country banks to get money quickly from the reserve banks. The senator attacked interlocking directorates and large combinations of banks with power to deny or restrict credit for worthy enterprises.

**Criticizes Amendments.**  
Senator Shafroth criticized what he termed the central bank tendency in the Hitchcock amendments.

"France, Germany, Belgium, Holland and England," he said, "have central banks but they are within a few hours travel of all parts of the territory they serve. With but four regional banks in this country the southern banker would have to go 1,400 to 1,800 miles to secure accommodations. The same situation would obtain in all parts of the country."

The public ownership and government control feature of the Hitchcock plan, Senator Shafroth said, would defeat the purpose of the legislation because the banks would not enter any system under which they were forced to place their funds in banks over which they could have no control.

Still another currency plan was proposed today by Senator Newlands in a resolution which he presented and discussed. His scheme would create state reserve associations in which the membership of state and national banks would be compulsory. These associations would hold at least one-third of the reserves of all of the banks in their respective states. In turn they would deposit one-third of these reserves in a federal association at Washington.

**St. Paul Witness Asserts A. T. & T. Violated Agreement By Absorbing K. C. Home Telephone Co.**

Chicago, Nov. 25.—George W. Robinson of St. Paul, Minn., vice-president of the Tri-State Telephone and Telegraph company, testified today before the special examiner hearing the governmental anti-trust suit against the American Telephone and Telegraph company that the proposed merger between the American company and the 20,000 independent companies went into the discard when the independents learned that the American company had absorbed the Kansas City Home Telephone company in violation of a truce agreement. Mr. Robinson said that as soon as this violation of the agreement was discovered the independents made strong protests and went so far as to threaten to break the deal.

E. B. Fisher of Grand Rapids, Mich., secretary of the Citizens' Telephone company of Grand Rapids, testified that the merger was planned by the Bell interests to prevent the sacrifice of "immense sums" in profits which were lost to the telephone company when the public got moderate rates through competition.
